

Survey on Children's Daily Life among 8 Asian Countries 2021

<Asking for your cooperation>

In this survey, we will ask **mothers** of 5-years-old or 7-years-old about their child's environment at childcare facilities/schools, situation at home, and the awareness of parents. The purpose of this study is to explore better ways of establishing the environment and support for childrearing so that it will be beneficial for a wide range of adults from parents, childcare practitioners to social supporters and policymakers.

Please answer the questionnaire about your 7-year-old child.

In this questionnaire “**the subject child**” or “**the individual**” means, “**YOUR child**” who is the target of this survey.

We would highly appreciate your assistance after reading through our intentions of this research.
